Available from the Pro Shop

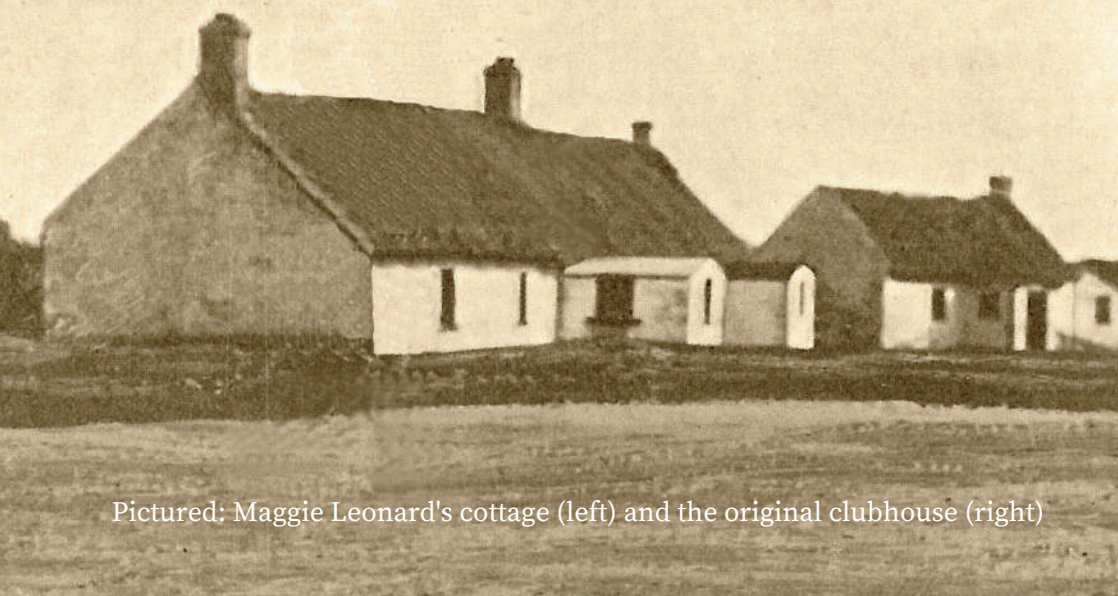

To mark the Club's 125th anniversary, Portmarnock Golf Club has produced a book as a complement to the year of celebrations. The book was published exactly 125 years from the day that the Club formally opened the second nine holes and its first Clubhouse.

The book is a photographic record of the significant events that have shaped the Club, featuring key events, Members, National and International Championships played at Portmarnock since its formation in 1894.

There are in excess of 950 images over the book's 304 pages, with 19 chapters covering everything from the early days to the quasiquicentennial celebrations on 2019 - highlighted by the Club's hosting of The Amateur Championship for the second time.
